

MASTER FEE SCHEDULE Chapter 12 – Sewer Fees

Sewer Service Charges

City of Chula Vista Public Works Department 276 Fourth Avenue, Chula Vista, CA 91910

12-200

May 2010

In addition to other fees, assessments or charges provided by the Chula Vista Municipal Code or otherwise, the owner or occupant of any parcel of real property which said parcel is connected to the sewer system of the City and to a water system maintained by the Sweetwater Authority, California American Water District or the Otay Municipal Water District shall pay a sewer service charge as follows:

METER SIZE	FY 2008 \$/MONTH	FY 2009 \$/MONTH	FY 2010 \$/MONTH	FY 2011 \$/MONTH				
MONTHLY FIXED SERVICE CHARGE								
Single Family All Others	\$7.35	\$8.00	\$8.73	\$8.73				
5/8	\$6.65	\$7.30	\$8.03	\$8.03				
3/4	\$6.65	\$7.30	\$8.03	\$8.03				
1	\$11.08	\$12.17	\$13.38	\$13.38				
1 1/2	\$22.16	\$24.35	\$26.76	\$26.76				
2	\$35.45	\$38.96	\$42.81	\$42.81				
2 3	\$66.47	\$73.05	\$80.28	\$80.28				
4	\$110.78	\$121.74	\$133.79	\$133.79				
6	\$221.55	\$243.48	\$267.59	\$267.59				
8	\$354.48	\$389.57	\$428.14	\$428.14				
VOLUME CHARGE / HCF*								
Residential								
Single Family	\$2.99	\$3.24	\$3.57	\$3.57				
Multi – Family	\$3.05	\$3.33	\$3.63	\$3.63				
Mobile Homes	\$3.05	\$3.33	\$3.63	\$3.63				
Non-Residential								
Commercial - Low	\$3.05	\$3.33	\$3.63	\$3.63				
Commercial - Med	\$4.13	\$4.52	\$4.94	\$4.94				
Commercial – High	\$6.29	\$6.89	\$7.55	\$7.55				
Special Users	Varies	Varies	Varies	Varies				

^{*}HCF - Hundred Cubic Feet.

Rates include Storm Drain Fee and Sewer Facilities Replacement Fee.

RESIDENTIAL RATES

1. Single Family

The sewer service charge for each single family dwelling unit serviced by a separate water meter is based on the lowest "Winter Average", which is the lowest amount of water consumed during the preceding winter months (November through April). The rate shall be in accordance with the adopted rate schedule. Each single family dwelling will be charged a fixed service charge and a variable commodity rate.

A rate of return (ROR) of 90% is assumed for all singe family dwelling units.

Single Family Billing Formula

Low	est		90%		\$ Sewer	Fixed			Monthly
"Wii	nter age"	Χ	ROR	Х	rate/ HCF	+ Se	ervice harge	=	Sewer Charge
	_						_		•

2. Multi - Family

The sewer service charge for other parcels of real property used for domestic purposes and serviced by a water meter shall be a the prevailing rate per each one hundred cubic feet (HCF) of water usage by such parcel Each parcel will be charged a fixed service charge and a variable commodity charge. The fixed charge will be assessed for each meter that services the facility and will be dependent on the size of the meter.

A rate of return (ROR) of 79% is assumed for all multi-family dwellings and 84% for mobile homes.

Multi - Family Billing Formula

May 2010

COMMERCIAL & INDUSTRIAL RATES

The sewer service charge for premises used for other than domestic purposes shall be at the prevailing rate per hundred cubic feet (HCF) of water usage. The non-residential sewer service charge shall consist of a fixed service charge and a variable commodity charge. The fixed charge will be assessed for each meter that serves the facility and will be dependent on the size of the meter.

The variable commodity charge shall be based on the quantity and strength of the sewage generated using a rate of return (ROR) of 90% and two strength parameters: BOD - biochemical oxygen demand and TSS - total suspended solids concentrations

Commercial Billing Formula

Total				HCF		Fixed	Monthly
Meter	v	₽∩₽	v	Rate for	+	Sarvica =	Monthly Sewer Charge
Readings	^	NON	^	Sewage	•	Charge	Charge
(Monthly)				Class		Onarge	Onlarge

Rate of Return

Unless otherwise established by an approved variance, wastewater discharge shall be assumed to be 90% of water consumed. Therefore, where commercial or industrial facilities are billed on the basis of wastewater discharge, the regular sewer service rate shall be multiplied by 0.90.

2. Wastewater Strength

Wastewater strength categories will be determined using either Table 2-2 "City of Chula Vista Compilation of Published Data on Sewer User Strength classifications" (excerpted from the Wastewater User & Rate Restructuring by PBS&J dated May 2003) or actual sampling results, as determined by the City Engineer. Dischargers who believe that their total suspended solids concentration is sufficiently low to qualify for a different category of sewer service charge billing may apply to the City Manager in writing for a variance in accordance with Chula Vista Municipal Code Section 13.14.130. When there is a change in the rate payer, the category will be re-evaluated.

3. Tax Bill

Charges for single-family residential dwellings, multiple family dwelling and commercial industrial discharges collected on the Tax bill shall be based on a recent 12 month water usage period.

4. High Volume Dischargers

Premises that discharge over 25,000 gallons per day (gpd) are classified as high volume dischargers. These dischargers shall be billed bimonthly by the City of Chula Vista. Wastewater discharge shall be assumed to be 90 percent of water consumed, unless established otherwise by an approved variance.

The Sewer Service Charge is determined on an individual basis, and is comprised of a Fixed Service Charge (FSC) and a Variable Commodity Charge (VCC). The FSC is based on the water meter size and the VCC is calculated by multiplying the Sewer Rate by the Volume of Sewer Discharge in hundred cubic feet (HCF). The Sewer Rate is determined by the strength of the discharge (Chemical Oxygen Demand (COD) and Total Suspended Solids (TSS)).

The Sewer Service Charge is calculated as follows:

FSC = Based on the water meter size $VCC = Sewer Rate (\$/HCF) \times Volume of Sewer$ Discharge (HCF)

The Sewer Rate is subject to change. Said change is usually necessitated by the increase in the cost of wastewater treatment and the maintenance of the City's sewer collection system. The Sewer Rate is reviewed on a yearly basis.

5. Sewer Service Charge for Low Income Households

Low Income Households (as defined in Fee Bulletin 1-100) including renters of property who are eligible to receive a reduced rate for monthly sewer service charges, shall be billed a commodity rate that is 70% of the prevailing rate. The Finance Department of the City shall make available the required application form and process all applications. Application will require the submittal of information on total household income, the number of persons in the household and the type of dwelling unit. Proof of total annual income shall be furnished.

Requests for annual refunds shall be made by eligible households between August 1 and September 30 of each year for the past fiscal year beginning July and ending in June. The applicant will be notified of eligibility status within thirty (30) days of application and if eligible, the refund forwarded within ninety (90) days of application.

6. Sewer Service Variance Fees

The owner or occupant of any premises requesting a variance from the sewer service charges pursuant to the provisions of this section and the rules and regulations approved by resolution of the City Council shall pay a fee in the sum of \$150.00 to cover the cost of investigation of said request; provided, however, that no fee shall be charged for a request for total exemption from the sewer service charge. In addition, a special handling charge to cover the cost of billing and inspection to be paid per building may be established in the resolution granting the variance, provided that the minimum such charge shall be in the sum of \$3.75.

INDUSTRIAL WASTEWATER DISCHARGE

The fee for an initial, annual renewal, or amended industrial wastewater discharge permit shall be based upon the permit category to which the permitted industry is assigned, and the average daily volume of industrial wastewater discharged to the public sewer system in the amount set forth below.

1. Permit Categories

Category 1:

Industries which discharge wastewater from a process subject to EPA categorical standards set forth in 40 Code of Federal Regulations (CFR), Section 403, Appendix C, as amended from time to time. The industries currently subject to EPA categorical standards are included herein by reference, but are subject to change. (SEE APPENDIX F)

Category 2:

Industries that are not subject to EPA categorical standards but which discharge wastewater containing toxic pollutants identified by EPA in 40 CFR, Section 403, Appendix B. The current list of toxic pollutants identified by EPA is included herein by reference, but is subject to change. (SEE APPENDIX F)

Category 3:

Industries not subject to EPA categorical standards and which do not discharge wastewater containing EPA identified toxic pollutants.

2. Annual Permit Fee

FLOW (AVERAGE DAILY,	PERMIT CATEGORY				
GALLONS PER DAY)	1	2	3		
> 100,000	\$2,000	\$1,200	\$1,000		
50,001 - 100,000	\$1,500	\$1,000	\$600		
25,001 - 50,000	\$1,250	\$600	\$500		
10,001 - 25,000	\$650	\$500	\$300		
100 - 10,000	\$500	\$275	\$200		
< 100	\$25	\$25	\$25		

Page 4 of 4

3. Compliance Charges

May 2010

Industries not in compliance with industrial wastewater discharge permit requirements shall pay a fee to recover the full cost including overhead of enforcing compliance.

STORM DRAINS

1. Storm Drain fees

In addition to other fees, assessments, or charges provided by the City code or otherwise, the owner or occupant of any parcels of real property which parcel is connected to the wastewater system of the City and to a wastewater system maintained by Sweetwater Authority, the Otay Municipal Water District, or the California-American Water Company, shall pay a storm drain fee as follows:

Single family Monthly	\$0.70
Multi-Family, Commercial, Industrial	
Monthly	\$0.06/HCF
Maximum, per month
